

FIRE SAFETY IN TONTO HILLS

USING POOL WATER TO FIGHT FIRES

PREPARE TODAY • PROTECT TOMORROW • SUPPORT YOUR COMMUNITY

Your pool can be a powerful resource.

When every second counts, a portable fire pump system can turn your swimming pool into an emergency water source for wildfire defense.

**CALL 911 FIRST —
THEN CALL (480) 437-9191**

Do this every time you need to report a wildfire or request assistance.

BE PREPARED. BE READY.

PROTECT YOUR HOME

Helps defend against spot fires, embers, and structure ignition.

RELIABLE WATER SOURCE

Pools hold tens of thousands of gallons of water—ready when you need it most.

QUICK RESPONSE

Fast deployment can knock down small fires before they grow.

WORKS WHEN POWER IS OUT

Gas-powered pump operates when utilities are down.

COMMUNITY STRONG

Neighbors helping neighbors makes Tonto Hills safer for all.

RESIDENTIAL FIRE PUMP SYSTEM FOR POOLS		
ITEM	NOTE	APPROXIMATE COST
Portable Water Pump Honda WH15XT	Has handle for lifting and weighs 49 lbs	\$750.00
20 Foot Suction Hose (1.5" NPSH)	Nice to have quick connect coupler but not necessary	\$90.00
Strainer 1.5" NPSH	At end of suction hose to prevent debris	\$39.00
1 Gallon Gas Can	Regular Gas	\$20.00
1.5" Fire Hose x 100 Feet	Recommend 300' or so	\$270.00 for 3 lengths
1.5" Fire Hose Nozzle (NH)		\$26.00
1 Gallon Water Bottle	Use cleaned milk jug or something similar for priming pump	\$0.00
Garden Cart	Great for storage and quick deployment — pneumatic tires are best	\$120.00
SUBTOTAL		\$1,315.00
TAX (approx. 9%)		\$118.35
TOTAL (approx.)		\$1,433.35

QUICK START

- Place pump near pool on stable, level ground.
- Attach strainer to suction hose and lower into pool.
- Connect suction hose to pump.
- Attach fire hose and nozzle.
- Prime pump (use water jug) and check connections.
- Start pump, open nozzle, and adjust flow.

MAINTENANCE & STORAGE CHECKLIST

- ✓ Run pump for 3–5 minutes every 3–6 months
- ✓ Keep fuel fresh (use stabilizer)
- ✓ Check oil level
- ✓ Clean strainer after each use
- ✓ Store in an accessible, known location
- ✓ Keep laminated instructions with equipment
- ✓ Gloves, spare spark plug, oil, flashlight and extra fuel on hand
