All income / expenditure information will be recorded in the General Ledger within seven days. All corrections and adjustments will be clearly noted in a written narrative giving reasons for them, with supporting documentation where available.

Backups of the QuickBooks records are to be made at least monthly. Records are to be retained for at least seven years, or longer if THIA is being examined by any taxing entity.

4.0 Budget

A proposed next fiscal year operating budget is to be prepared by the Treasurer in March. The budget is to be reviewed by the Board of Directors in March.

This proposed budget will be presented to all THIA Members in attendance at the Annual General Meeting. It will be used as a tool for the determination of the upcoming year's Annual Assessment which is made at that meeting.

The newly elected Board of Directors, at the next regular THIA business meeting, will approve the budget based upon the approved Annual Assessment. That budget will be used as a basis to construct a cash-flow forecast for the year, which will be updated quarterly.

The Board of Directors must approve proposed changes in the budget, should they exceed \$500 or 20% of the line item, whichever is greater.

5.0 Financial Monitoring

THIA's fiscal year is from 1st April to 31st March. Monthly, in advance of the regularly-scheduled meeting, the Board will receive from the Treasurer:

- Comparative balance sheets as of the prior month-end and year-earlier month-end;

- Comparative income statements for the period from 1 April to the prior month-end and the year-earlier period;
- Comparative income statements for the period 1 April to the prior month's end and the budget for the same period;
- Listing of future unusual or unbudgeted commitments;

Annually, Association financial records will be audited (compilation). Final draft financial statements should be approved by the Board of Directors in May, and audited financial statements received at the July meeting. As part of the association audit process, the Board shall review the THVFD year-end fiscal report.

If not audited, the Association's annual fiscal year-end financial records will be critiqued and accepted by the Board of Directors not later than the May meeting. The Board may obtain outside financial consultation if in the Board's opinion Board members are not qualified to critique Association financial records. Annual statements (audited or not) will be made available to THIA Members at their reasonable request.

6.0 Financial Institution Accounts

An overdraft protection arrangement between checking and savings accounts is to be operated. These arrangements are subject to review, in the light of what is most advantageous in terms of cost and service. All changes are to be authorized by the Board of Directors. Make every reasonable effort to avoid all service charges.

New accounts and any financing arrangements are to be authorized by the Board of Directors. No short positions, options or derivatives are to be undertaken by THIA. All accounts are to be Federally-insured to the greatest extent permitted by law. The Board shall not enter into any agreements allowing an auto-withdrawal from the checking account.

7.0 Receipts

The majority of receipts by the Association are from annual THIA Membership assessments of property. Other revenue sources include property transfer fees, donations, and bank interest. Property assessments are to be determined annually at the Annual General Meeting. Property transfer fees are to be determined annually by the Board of Directors.

All annual invoices will be sent out by USPS and electronically by the Treasurer/Contract Worker by May 1 each year with a due date of May 31. Late fees will be assessed if dues are not received by June 15. Assessment invoices are to be prepared on Association letterhead and be drawn up in accordance with the Board of Directors requirements.

The assessment shall be due and payable within thirty (30) days after the mailing of notice. The Treasurer shall follow up outstanding assessment payments after 30 days with statements indicating past due balances until such balances are paid or written off. Table 2 below is the schedule of assessment and past due notices. The Board shall annually determine the amount of late fees in addition to the interest rate.

Table - 2: Assessment & Late Notice Schedule

Notice & Action	Due Date
Annual Assessment	1 May
Late Notice Statement	15 June
2nd Late Notice Statement	15 July
3rd Late Notice Statement	15 August
Lien Notice	15 September

Property liens can be placed against any property with assessment 90 days past due. Liens shall bear interest at a rate to be determined each year by the Board of Directors.

Any property owners (Association Member) that is not in good standing regarding payment of the annual assessment will not be able to vote in the upcoming Annual General Meeting or hold a position with the Architectural Control Committee or THIA Board of Directors until the assessment has been made current.

The Treasurer opens any mail addressed to THIA or without specific addressee. Upon receipt, any checks or cash will be recorded in the accounting system by Treasurer/Contract Worker. Both parties are to agree to the total amount of receipts upon passing custody. Receipts are to be counted, promptly recorded in the General Ledger and adequately secured by the Treasurer until deposited in the Association's bank account. Un-deposited receipts are not to be held by the Treasurer/Contract Worker for more than seven days.

Copies of all checks deposited are to be retained by the Treasurer/Contract Worker to support the deposit. Retained THIA Membership assessment payment information includes the payee, date payment is received, amount paid and check number. The Treasurer or designated contract worker will endorse all checks to read as follows:

PAY TO THE ORDER OF
(Name of) Bank
Account #
FOR DEPOSIT ONLY
Tonto Hills Improvement Association

The endorsement will specify into which association account (savings, checking) the deposit will be made. A report will be printed that includes the source and amount of the receipt as well as the total daily deposit amount. The checks and cash will then be available for review by the Treasurer. Receipts and deposit slip will be placed in an envelope for the Bank. If no cash is present, the envelope may be sealed and sent through the US mail. If cash is present, the Treasurer or contract worker will verify deposited funds prior to sealing the envelope and making the deposit in person. Documentation for all receipts (a copy of check, letter, etc.) will be attached to the duplicate slip and filed chronologically. All receipts will be deposited intact. No disbursements will be made from cash or check receipts prior to deposit. The Treasurer or contract worker will record each cash payment received in a number receipt book with a duplicate for the payer. Cash shall be locked in a secure location until taken to the bank. The

Treasurer will receive a copy of all deposit reports for review.

8.0 Ordering Supplies and Services

All Board Members and Volunteers need to be aware that a THIA expenditure is committed when an order is placed on behalf of THIA, not when the check is requested. Therefore, it is important that all orders be within approved budgets and authority.

Board Members can place orders for goods or services within their budget areas, subject to budgetary and cash-on-hand restraints. All non-recurring orders of \$100 or more must be authorized by the Board of Directors. Under \$100, Board Members may delegate ordering as they deem appropriate.

Any purchase agreement or other contract involving an expenditure commitment is to be in writing and be subject to the same authorization procedure as above. The relevant expenditure amount is the total committed expenditure over the period of the contract. Large or lengthy contracts should not be entered into without adequate advice from relevant professional advisers (e.g. accountant, lawyer).

The Board shall appoint a Board Member to be Project Manager, responsible for contractor compliance and monitoring.

9.0 Procurement Process Guidelines

These guidelines balance:

- Prudent management of THIA resources
 - An efficient process that is not overly bureaucratic or cumbersome
 - Fairness to the vendor community
1. These are presented as 'guidelines' that are not intended to replace the good judgment often required in the context of individual procurement efforts, e.g., when an emergency elevates 'speed' as a purchasing criteria, etc.
 2. Board members should secure three bids for purchases of \$750 or more
 3. Such bids should attempt to satisfy the following criteria:
 - They should present 'apples to apples' comparisons for an easy and useful comparison, including price and other features.
 - The member in charge should present notes on key features and points of differences, including such non-price items, as warranties, guarantees, reputation, length or depth of experience, timing, etc.
 - The Board should allow for the legitimate consideration of 'soft' criteria, such as 'local versus nonlocal' vendor, referrals from THIA members, etc.
 - The Board should consider the periodic review of existing contractors, at roughly every three years.

10.0 Payment Authorization

Recurring contractual disbursements are to be preauthorized by the Board. The Project Manager is responsible for checking vendor invoices for accuracy, conformity with the order placed, that the services or goods have been received, and for following up on any problems identified.

All incoming vendor invoices are to be delivered to the Treasurer upon receipt. Once authorized as above, vendors are to be paid within 14 days of receipt, unless there are exceptional cash-flow difficulties or specific supplier arrangements.

11.0 Check Writing and Signing

Authorized signers on THIA accounts include the President, Vice President, Treasurer, and Contract Worker of the Board. Authorized signers on the THIA Escrow account used for ACC deposits include the ACC Chair and Treasurer. Any new signatory must be approved by the Board before the bank is notified. Former signatories' authorization must be removed at once.

All checks for \$250 or more require two signatories. Check signers should verify that the expenditure has been authorized before signing the check.

Signatories will not sign checks which are payable to themselves, or blank checks. Checks should be filled in completely before checks are signed. The only acceptable exception is that the amount can be blank as long as the check is endorsed 'Not more than \$'. Receipts for this type of expenditure must be returned immediately.

The Treasurer/Contract Worker will retain approved support for all disbursements with a copy of the THIA check.

11.1 Check Authorization

All invoices will be immediately forwarded to the Treasurer or contract worker who will review all invoices for mathematical accuracy, validity, conformity to the budget (or other board authorization) and compliance with other requirements. Prior to payment, all invoices will be approved (indicated by initialing) by the Treasurer. The Treasurer/Contract Worker will code the invoice with an appropriate expense or other chart of accounts line item number, class and job number where applicable. By approving an invoice, the Treasurer indicates that it has been reviewed and authorizes a check. The Treasurer will ensure that all conditions and specifications on a contract or order have been satisfactorily fulfilled, including inventorying items received against packing slip counts. The Treasurer is responsible for timely follow-up on discrepancies and payment. Approved invoices will be entered into the accounting system. The Treasurer or contract worker will prepare checks on a weekly basis as required.

11.2 Checks

The Treasurer and Contract Worker will be responsible for all blank checks. All checks will be signed by the Treasurer, designated member of the Board of Directors, or a contract worker. The Treasurer or contract worker will generate checks for approved invoices through the accounting system. Voided checks will have "VOID" written boldly in ink on the face and have the signature portion of the check torn out. Voided checks will be kept on file. In no event will:

invoices be paid

unless approved by an authorized signer, blank checks (checks without a date or payee designated) be signed in advance, checks be made out to "cash", "bearer", "petty cash", etc., checks be prepared on verbal authorization, unless approved by the Board President and Treasurer. In the event that it is necessary to issue a duplicate check for checks in an amount over \$15, a stop payment will be ordered at the bank on the original check.

11.3 Bank Reconciliations

Bank statements will be received directly and opened by the Treasurer. The Treasurer and Contract Worker will reconcile the bank statement monthly. The Treasurer of the Board will receive monthly statements of checks paid on all accounts. The Treasurer shall verify the reconciliation of the bank accounts on at least a monthly basis. On all checks outstanding over 90 days, the Treasurer or contract worker should take appropriate action.

12.0 Contract Workers

Consideration will be made of internal capabilities to accomplish services before contracting for them. Written contracts clearly define work to be performed; terms and conditions will be maintained for all contract workers. The qualifications of the contract worker and reasonableness of fees will be considered in contract decisions. Contract services will be paid for as work is performed or as delineated in the contract. The Board of Directors will approve and audit all contracts.

13.0 Insurance

Reasonable, adequate coverage will be maintained to safeguard the assets of the Association. Such coverage will include property and liability, employee dishonesty and other insurance deemed necessary. The Board of Directors shall carefully review insurance policy parameters such as: amounts, types, qualifications of the provider prior to renewal. The Board of Directors shall maintain insurance policies in insurance files. Insurance policies will correspond to the calendar year whenever possible.
