

Tonto Hills Community was recognized by the National Fire Prevention Association as a Fire Wise Community. On May 1st, members of the community along with Rural Metro Fire Department and The National Forest Service attended an event at the Tonto Hills Fire Department. Handouts were shared with guidance as to how to make resident properties Fire Wise, and also the information about Ready, Set Go, a program which encourages proactive measures to take before an emergency and actions to follow when your community is threatened.
