to me, Michael, kathleen, Nancy

Diana, BOD,

The noise complaint emails (9/23/21) were first sent to Kathy K and yourself, then a second email was sent to Kathy K and Michael J, yourself and myself were CC'd. Katie Lane is the complaining resident.

Thanks, Bud

Subject: Re: Lot 20 Construction- Noise Complaint

Hi Bud,

I am sorry that you even got a complaint. I will let the crews know to keep their noise to an acceptable level from now on.

Thanks

David Chappell

David,

Please be advised that a complaint has submitted to the THIA BOD and ACC about constant noise (music) coming from construction crews on your Lot. Specific complaint is loud music that regularly starts at approx. 6:00 AM and continues all day until workers stop work and leave your Lot.

David, without getting into Permits, MC Zoning, and all the other regulations that may apply, this is quite frankly disappointing to hear and unacceptable. As a contractor and future TH resident I trust you will remedy this situation right away. I know homebuilding crews regularly listen to music at a jobsite, but it needs to be at a respectful volume and start at a respectful time which should be no earlier than 8:00 AM if there are adjacent residents. Please advise how you plan to handle and remedy this complaint.

Regards, Bud Tolp, THIA BOD and ACC Chairperson

Bud Tolp
