Reference: Tonto Hills Entry

Steve I also want to thank you for taking time out of your busy day and helping Moon Valley move forward into a process of completion.

This is an acknowledgement letter of work to be performed to reach a level of satisfaction between Tonto Hills HOA and Moon Valley Nursery & Landscape.

The following work will be done from 9/23/16

A truck load of ½" Madison Gold will be delivered and spread throughout designated areas that were left without a finished look of rock coverage.

There is a Palomino Gold rip rap area on the west side of the entry that will be installed to look similar to the east side of the drive.

Surface Select Boulders will be delivered and installed to help balance the landscape outcroppings. This should help also to create a natural flow of rock which is natural to the area.

Cactus and other texture plants will be delivered and installed to fill in many of the bare areas.

There are many things listed here that Moon Valley is going to install to help mend a misunderstanding between the parties. Moving forward Moon Valley will strive to complete all of this work on 9/23/16. It is understood that Moon Valley will not charge for any of the additional rock, boulders, or plants if original agreement is paid in full. Moon Valley also will provide 2 tons of rip rap and charge only for the additional material and labor to complete this look.

The total price due at completion will be \$11,720.00 and a check will be rendered to Jimmy Perez at time of completion. Again Steve thank you for helping all parties find a means to a solution and we do hope you consider using Moon Valley for any additional work you may be looking in the near future.

Joe Duffel

GM of the Landscape Division of Moon Valley Landscape
