

TONTO HILLS VOLUNTEER FIRE DEPARTMENT

CALL 911 FOR ALL FIRES...even if you see little smoke...DON'T DELAY

(THVFD IS EQUIPPED AND TRAINED TO FIGHT BRUSH FIRES, IN THE CASE OF A STRUCTURAL FIRE, THVFD WILL MAKE EVERY EFFORT TO FIGHT THE FIRE UNTIL A 911-DISPATCHED FIRE DEPT ARRIVES. WE WILL ALSO PROVIDE SUPPORT TO THE 911-DISPATCHED DEPT.)

CALL 911 for MEDICAL EMERGENCIES

(OUR VOLUNTEERS ARE NOT TRAINED TO TREAT MEDICAL EMERGENCIES)

AFTER you call "911", IMMEDIATELY CALL

THVFD FIRE #

(480) 437-9191

By calling THVFD, our resident/firefighters can provide a critical role until the 911-dispatched fire dept. arrives. THVFD has 3 trucks carrying 2,300 gallons of water TOTAL, which can make a difference, because of the distance professional firefighters from Rural Metro & City of Scottsdale must travel to reach Tonto Hills.

WHEN YOU CALL THVFD:

- 1** Your call will connect directly to ALL Tonto Hills firemen's hand held radios.
- 2** A fireman will answer your call through his radio and speak directly to you
- 3** The other firemen will monitor the conversation between you and the fireman answering your call and will know where to go.

Please call our # to familiarize yourself with the system. If no emergency, say "this is test"
